21 It does not seem necessary to call for any further information. Mr Venkatesaiya's point is that the building that was available for the women's Dispensary is now used by the Municipality on what is practically a pretence of purchase — as the price has not been paid — and the women are without wards in the Dt Hospital which is admittedly insufficient even for men. He requests that the construction of the new building in the Dt Hospital ~~of the~~ may be taken up in 1926-27. The ~~Vice~~ municipality of Bolar have provided for paying part of the price of the old building in 1926-27. How much this is is not known. It is probably Rs 3500/-. The provision proposed in the draft budget for this building was ordered to be omitted. In view of the prominence that has been given to the matter it is for consideration if the Collector may not be asked to find about Rs 3000 from Govt funds in 1926-27 and begin the construction of the new building accordingly

Dear Mr. Ranga Rao,

Your un-official reference No.154-Med. dated 2nd June 1927, re. improvements to the Kolar District Hospital. I saw the Chief Engineer and the Architect and discussed with them the points raised in the Chief Engineer's letter of the 28th March 1927. The objection raised by the Chief Engineer could be removed by knocking off the Nurses' Room, which will divide the structure into two separate blocks. These could be connected by a corridor and each block might be given its own frontage. A small Nurses Room could be provided in the rear verandah in the place marked by me in blue pencil. It is also necessary that the Ward for General Cases should be completely separated from the Maternity and Labour Wards by a dividing wall the two may be placed at a little distance from each other. If the plan and estimate be returned to the Chief Engineer's office they have agreed to revise them accordingly. I waited till 12-45 to see you in your office and came away as you were said to be too busy.

Please do this RR 6/6.

97 The total approx is Rs. 23,600 and should be borne by the Govt, Kolar DB & Kolar Mun'l in equal amounts of Rs. 8000 approximately. The Mun'l is willing to bear its share but, as it has not sufficient, it requests that to advance the amount. I doubt however, if it will improve its financial resources in any reasonable length of time. I believe it should owe some money to Govt. However, Govt may bear the share of the Municipality & recover it in annual instalments of Rs. 1000.

SIR

Adverting to correspondence ending with your No. G.8376 dated the 9th February 1927, I have the honor to forward herewith for favour of orders, an estimate amounting to Rs. 18,178/- for improving and extending the Civil Hospital building at Kolar.

2. The necessity for the proposed work is explained by the Executive Engineer in his report accompanying the estimate.

3. The proposals have been approved by the Senior Surgeon who has countersigned the plan and the estimate. The design is not satisfactory from an Architectural point of view on account of the inordinate length of nearly 140' unbroken in plan or elevation and its appearance is made more monotonous and ugly by the presence of the deep Bengal Terraced Verandah without any parapet wall to hide its flatness and textureless barrenness; but nothing better is possible unless the new Maternity Hospital is separated from the existing old structure and built as a separate pavilion.

4. There is no provision for the work in the Budget Estimate for the year 1926-27. If the work is considered urgent orders of Government may be obtained as to making provision therefor in the Budget Estimate for next year.

SIR,

With reference to correspondence ending with your No.G.10690 dated the 19th March 1928, I have the honor to forward herewith, for orders, an estimate amounting to Rs.23,600 for the above work.

2. The report accompanying the estimate explains the provisions made therein.

3. The plan and the estimate are countersigned by the Senior Surgeon in Mysore, in token of his approval to the proposals made.

4. According to Codal Rules, the cost has to be borne equally by the State, the District Board and the Municipality. A copy of the Resolution of the District Board in regard to their contribution for the work is herein enclosed for information. It is a point for orders as to why the Municipality should not be asked to bear its share of cost. If the quota of cost payable by the District Board and the Municipality is decided and placed at the disposal of the P.W.Department, these amounts will first be worked out, the State Fund share being made available later on.

Letter No. Camp 24/26-27, dated the 18th July 1296, from the Deputy Commissioner, Kolar District, to the Secretary to -- Government, Local and Legislative Departments.

I have the honour to forward herewith the Budget Estimates of the Kolar Town Municipality received with the President's -- letter No. 57/26-27, dated the 15th July 1926. A clear statement is enclosed of the circumstances under which the Budget was prepared. As explained in the note the Budget prepared by the office was considered by the Managing Committee and altered in - essential respects. The Council representing one party at a -- meeting cut up the Budget in an opposite direction and at a subsequent special meeting the Councillors of the opposite party mx made a determined attempt to restore the Budget as passed by the Managing Committee. The result has been chaos and a hotchpotch out of which an endeavour has been made to evolve a rational Budget with sole regard to public interests. I request the kind sanction of Government to the Estimates as submitted by me.

2. I regret I cannot compliment the Councillors represe- ing either party on the spirit or the manner in which they approached the consideration of such an important matter as the a nual Budget Estimates of the Municipality. In their mutual d: putes public interests are suffering. However, I shall make more attempt to induce the Councillors on either side to make up their differences and restore harmony in the Council.

Re [illegible]
building at Kolar

Please find out
from the Venkatesiah
what exactly is his
point or points
---- and submit
a clear draft calling
for the additional
information

The female Dispensary was
located in the heart of
the town, in a separate
building — constructed out
of State funds. R.D.O. Funds.
Dr. Raghavayya, the then
I.S. in Charge the D.S. & Asst
Council to Consist to the
removal of the Dispensary
to the T.B. Hospital Hospital
which is an old building
Unsuited for a Hospital,
and does not possess sufficient
Accommodation for even about

It was then proposed that provision should be made for maternity, and women patients would be provided out of the Sub Funds of the building vacated and out of State Funds when provided for in the Estimates. It was subsequently found that the building was vacated, the President, municipal Council occupied the building for his office. The Engineer now the D.C. Town have permitted the occupation. The Municipal President has been informing his office that Rs. 7000/= be provided in the Estimates for the year 1923. As soon as the building was vacated, the amount has not been paid and is not likely to be paid for a long time to come.

Separate accommodation in the St Hospital is absolutely necessary wards in the patients and maternity are the most urgent requirements.

Estimates are ready Medicines

they come up to
Rs 15000/- we
shall be grateful
if the work
Construction is taken
up during the
current year (1916-17).

Question 9.

SUPPLEMENTARY QUESTIONS.

Mr.D.Venkatesaiya.-

With reference to answer to (f) will Government be pleased to state when the building was sold to the Municipal Council?

First Member of Council.-

About three years ago.

Mr.D.Venkatesaiya.-

By whom?

First Member of Council.-

As stated in the answer to the Interpellation it was sold by Government with the approval of the District Board

Mr.D.Venkatesaiya.-

What is the amount for which the building was sold?

First Member of Council.-

I could supply you with information.

Mr.D.Venkatesaiya.-

I am sorry the answer ~~to my previous question~~ is not correct; the District Board did not consent to the sale of the building. If it had been sold, may I know for what amount?

First Member of Council.-

The answer is based upon reports received by Government. If the member says that the answer is incorrect, Government will be glad to make further investigation into the matter. I must say, however, tha

Mr.D.Venkatesaiya.-

What was the amount for which the building was sold?

the resolution of the District Board is "that the proposal of the Senior Surgeon

of the present Female Dispensary building so as to make funds available for the construction of a female ward for 12 patients."

Mr.D.Venkatesaiya.-

I quite agree with it. But my difficulty is that the resolution was not given effect to. The building was occupied without a sale, the amount was not paid, the patients have no accommodation, the District Board has been allotting funds every year and those funds are lapsing but Government have not taken any action The District Board gave their consent to the removal of the Hospital on the distinct promise that accommodation would be provided in the District Hospital.

In these circumstances, will the Government give a definite answer to my question?

First Member of Council.

I shall promise to make an investigation into the matter and give a definite reply.

Mr.D.Venkatesaiya.-

If that promise ~~is given I shall be satisfied.~~

Mr.G.Paramasiviah.

Is not the interpellator the Vice-President of the District Board in questio

First Member of Council.-

Yes.

Mr.G.Paramasiviah.

If so is he not furnished with the information sought for?

Mr. K. Chandy - He is expected to be

Mr.D.Venkatesaiya.-

The information sought for is for ~~the~~ this Hon'ble House, not for myself. I might have the information
